Wool Quality

Wool quality of all sheep exhibited will be determined by the wool test results not their visual counts.

Shearing

Each sheep (other than those entered in March Shorn Classes) may be shorn before, on, or after the fifteenth day of August of the year preceding the Royal Adelaide Show at which it is to be

exhibited, but at the time of inspection of such sheep, it shall carry only such wool as having regard to natural growth, and shall not exceed in length the equivalent of 12.5 mm as at 15 August. An Inspection Committee, as is hereinafter mentioned, shall inspect all sheep to be exhibited in all classes other than under 1½ years old. This inspection shall be made by 22 September preceding such Royal Adelaide Show. The intending exhibitor shall be responsible for arranging the inspection and seeing that it is carried out.

If any sheep is inspected after 15 August of the year preceding the show, the Inspection Committee shall allow a growth at the rate of one millimetre per three days with a 30 day cut off date for wool length being 15 September, with a maximum allowable length of 22.5 mm as at 15 September preceding such Show. Sheep inspected after 15 September may be late tagged to the maximum allowable length of 22.5 mm. No sheep being 18 months or over at the commencement of the said Royal Adelaide Show shall be eligible for exhibition at that Show unless it bears the Association's inspection tag corresponding with the Certificate of Inspection. Any sheep under 18 months shall not be eligible for Championship or Grand Championship awards unless shorn and tagged in accordance with the shearing regulations.

Shearing – March Shorn Classes

The conditions for March Shorn classes are exactly the same as above with the exception that sheep may be shorn before, on or after 1 March of the current year, but at the time of inspection of such sheep it shall carry such wool as having regard to natural growth and shall not exceed in length the equivalent of 12.5 mm as at 1 March. If any sheep is inspected after 1 March of the current year, the Inspection Committee shall allow a growth at the rate of one millimetre per three days, with a 30 day cut off date for wool length being 1 April, with a maximum allowable length of 22.5 mm as at 1 April of the current year. Sheep inspected after 1 April may be late tagged to the maximum allowable length of 22.5 mm with this inspection being made by 9 April preceding such Royal Adelaide Show.

INSPECTION OF SHEEP

All sheep must be inspected by a Committee comprising two Inspectors, both of whom shall be Members of the South Australian Stud Merino Sheepbreeders' Association contained in a Panel of Member inspectors filed by the Association with the Royal Agricultural and Horticultural Society of South Australia. No such Committee Member shall bear any relationship to the owner or have any financial interest in any flock submitted for inspection.

No members of the Inspection Committee shall sign an Inspection Certificate until he has seen one member of the Committee actually measure the length of the wool of each of the sheep mentioned in the Inspection Certificate, with an approved measuring device and is satisfied that the wool is of the requisite length.

After each such inspection the Committee must affix an ear tag in the unregistered ear of the sheep inspected. With the permission of the Committee the owner may affix the tag. To enable the ear tags to be affixed, the Committee may authorise the owner or one of their number to punch the ear of the sheep.

Any ear tag affixed by or with the permission of the Inspection Committee shall be made of approved material and shall bear approved lettering on one side - together with the year of inspection and on the other side shall be branded with an identification number and letter.

Please see the start of the Schedule for OJD and Brucellosis Policy for Show. The full details can also be found at www.theshow.com.au competition details.

CERTIFICATE OF INSPECTION

After inspection the Committee shall issue an Inspection Certificate covering all sheep inspected by them. This Certificate shall be in the form prescribed by the Association and shall be signed in triplicate by each member of the Inspection Committee; one copy (yellow) of this Inspection Certificate shall be handed to the owner of the sheep inspected, the other two copies shall be forwarded to the Executive Officer of the Association who will hand one copy to the Royal Agricultural and Horticultural Society by 15 November and 30 June respectively.

A copy of the shearing certificate of inspection must accompany interstate tagged entries. Every such Inspection Certificate shall contain particulars of the following:

1. Date of inspection.
2. Date of shearing as certified by owner.
3. Age of each sheep.
4. The registered ear mark of each sheep.
5. Any brands, ear marks or tattoo marks.
6. The letters and numbers of the Association's official ear tags.
7. Horn brands or other distinguishing marks.
8. Details of ear tags destroyed by Inspection Committee.

Any other matters which the Committee considers appropriate to be brought to the notice of the Association.

All exhibitors must display micron results above pens

(continued)*

The Insured Party must make themselves aware of and comply with the following Notices:-

Duty of Disclosure Before you enter into a contract of General insurance with an insurer, you have a duty, under the Insurance Contracts Act 1984 as amended, to disclose to the insurer every matter that you know, or could reasonably be expected to know, is relevant to the insurer's decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose these matters to the insurer before you renew, extend, vary or reinstate a contract of General insurance.

Your duty however, does not require disclosure of matter:-

that diminishes the risk to be undertaken by the insurer

that is of common knowledge

that your insurer knows or, in the ordinary course of his business, ought to know.

Non-Disclosure If you fail to comply with your duty of disclosure, the insurer may be entitled to reduce his liability under the contract in respect of a claim or may cancel the contract.

If your non-disclosure is fraudulent, the insurer may also have the option of avoiding the contract from its beginning.

Average Provision The insurer will pay legal expenses in addition to the sum insured, if however, the total amount of the loss (less legal expenses) ultimately paid to the claimant(s) exceeds the sum insured then insurers will only pay (in addition to the sum insured) that proportion of the legal expenses as the sum insured bears to the loss.

Third Party Interests This policy will only provide cover for your interest and does not cover the interests of any third party (e.g. financiers, lessors, etc) unless the interests of the third party are noted in the policy.

Waiver of Insurer's Rights You must not enter into any agreement without the written authority of the insurer whereby any of their rights to which they become entitled as your insurer after settling or agreeing to settle a claim are prejudiced or limited in any way otherwise all benefit under the policy will be forfeited.

- NOTE**
1. *All enquiries to be referred to Arthur J Gallagher Insurance Brokers
Tel. no. (02) 9424 1888*
 2. **CLAIMS**
 - (a) *No admission of liability or fault may be made in any form to a claimant. To do so may breach the policy conditions and enable insurers to avoid settlement.*
 - (b) *Any notice of a potential or actual claim must be referred immediately to Arthur J Gallagher Insurance Brokers*
 3. *Nothing herein shall be construed to alter in any way the scope of insurance policy, its terms, conditions or exclusions, issued by insurers.*
 4. *RAHSSA is not liable to the Insured Party in the event a claim is not paid or payable by Insurers unless RAHSSA fails to take reasonable steps to advise that the cover is or is likely to be cancelled or not renewed.*
 5. *RAHSSA is not an Australian Financial Services (AFS) Licence holder. RAHSSA is not providing financial product advice, has not considered the particular needs of the Insured party and no statement is intended to influence a person or persons making a decision in relation to any insurance cover. You should consider obtaining your own financial product advice from person holding an AFS Licence.*
 6. *This insurance only applies to insured parties entering competition in accordance with the general regulations.*
